SUBJECT.

Sanctions the Estimates for the repairs of the Sri Maraikandeswara Swami Temple at Vallieri Village, in Kolar Taluk.

PREVIOUS REFERENCES.	LATER REFERENCES.

MUZRAI DEPARTMENT.

OFFICE NOTE. 1

SUBJECT:—Report to the Sri Marakandeswara Swami temple at Vakkaleri in the Kolar Taluk.

LAST REFERENCE.

Letter No. dated

form

The temple of Sri Marakandeswara is on a hill about two miles from the Vakkaleri village, Kolar Taluk. It is in receipt of a Cash Money Grant of Rs. 12-0 a year and is classified with Rs. 100 and upwards in the margin.

Dec. November 1911.

X.

Vakkaleri.

Extent A 6c. Jodi
8-6 Rs. ...

the Mr. G. Narayan Rao
of Bangalore Cantonment
brought to the notice of
Govt, in his petition
dated 6th November 01
the dilapidated state
of the temple and
prayed for its repairs
and for the construction
of a parapet wall
& a well situated
near the temple. His
petition was forwarded
to the Dy. Comr of Kolar
on the 13th Dec 1901
for a detailed report
on all the points referred
to therein.

Mr K. R. Srinivasiengar,
Asstt Comr of
the District, having inspected
the temple reported
that the Dasadi allowance

to Surplus Funds
being credited since
1892-93, that the Inam
lands only are in the
enjoyment of the Archak
and that Puja is
rendered every Monday
to the Utsavaviggraha
at the Hill and daily
to the Utsavaviggraha
which is stated to be
at Vallikaleri. The
Govt. having sanctioned
in Rs. No. 981-2 dated
16th March 1897 the
levy of fees on cattle
brought for Sale during
the Jatra of this Temple,
the Srinivasiengar
reports that ~~X~~ only
one Jatra was held
in 1898 resulting in
an income of Rs. 679-9-1
to the Temple. During

the subsequent three
years it is reported,
the Jatra was held
during the prevalence
of Plague.

As regards the repairs
to the temple, Mr. Srinivasagar
reported that the main
building and those sur-
rounding it were all
decay, shewing Signs
of decay. The cost of
thoroughly repairing the
whole building is estimated
at about Rs 5000/-
Considering that the
temple is visited by
devotees only on Puja (Monday)
days and during
the car festival, the
Assistant Comr observes
that it will be enough
at present to repair

the

the roofing of the main temple to prevent leakage due provision having been made in the estimate for some other petty repairs as well as for admitting light and air into the temple. A brass railing to the temple Sopanam, a parapet round to the well (refd to by the petitioner Mr. Narain Rao) and repairs to the temple Yagasala are also proposed to be executed and others are also recommended.

In forwarding copy of the above report, the Dy Comr (Mr. J. E. C. Carr) submitted in May '02, an estimate for Rs 951 for preventing leakage in the main

building 6
and for some sundry
repairs thereto, including
the construction of a
parapet wall to the
temple compound.
This was accompanied
by another small estimate
for Rs 84 for providing
light fittings to the main
temple. Extra additional
repairs were estimated
to cost a very large
sum, (~~[illegible]~~)
and as the temple
had only Rs 679-1-0
at its disposal, the
Dy Comr recommended
that the above two
estimates may be
sanctioned, the excess
cost, viz, about Rs 355/-
being allotted out

of the State Grant.

But these estimates were returned to the Dy Comr in July 1902, with the observation that there were no funds to meet the additional cost (Rs 355) from the State Grant. The Dy Comr was asked "to reduce the estimates so as to bring the cost within the amount standing at the credit of the temple, and to provide only for such of the items of repairs as are absolutely needed."

This was in July 1902, and as yet

"X" Hindu Weekly 93 d/ 12th July 1902

8

reply has been received from the Dy Comr.

Submitted

21
10/7/03 send a reminder at once and get estimates for works which are absolutely necessary.

When the Dy Comr did not reply, reminders should have been sent.

Ag 15/7/03

note continued. - 15/7/03

In reply to reminder × sent to the Dy Comr, as ordered above, he submits three, estimates for thoroughly repairing the temple as follows: —

× No 166 dated 18th July 18.7.03.

(1) Rs for Rs 951 for preventing leakage and making some sundry repairs in the main building and for a parapet wall to the well in the temple Compound.

(2) one for Rs 84 & 6d in light-
and air in the main temple.

and (3) Two alternative
estimates for Rs 1506 &
Rs 1697 for repairing the
temple Yagasala.

The temple has now
at its credit Rs 634-6-2
and the Dy Comr requests
Sanction for the finish
two Estimates. The total
of these 2 estimates is Rs 951
+84 or Rs 1035. As this is
Rs 400-9-10 in excess of
the amount at the dis-
posal of the temple, the
Dy Comr solicits Sanction
for the above excess
amount (Rs 400-9-10
from the Current Year
State Grant.

It is requested that

Rs Rs. 1024/97
Dt 1-9-03

these ~~reports~~ Estimates were prepared by the District Sub. overseer under the orders of the Assistant Comr. Mr K. R. Srinivasiengar. Of plan and a report prepared by the Sub. overseer have also been forwarded by the Dy Comr along with the estimate above referred to.

submitted to the Devaswom

DS
9/9/03

The temple of Markandeswara at Vakkalore in the Kollegal Taluk is reported to be a very ancient institution and the renovation seems desirable. The contribution of Rs 400-9-10 from the State Grant of this year, applied for by the Deputy Comr may, if so submitted,

//

be sanctioned. Adding the sum of Rs 634/- left at the credit of the temple, the total for Rs. 1035/- may be sanctioned. It is that the 1229 urgent works that may be carried out at once.

Muzrai Secretariat. | File No. of 190

Note Continued:—

As directed Two Estimates for Rs 1035/- were Sanctioned in Govt. Pro: No 716-7 D 17th September 1903.

During the inspection of the temple by the Superintg Engineer Mr G. Srinivasa Rao, he suggested certain improvements to the temple. Thereupon the Dy Comr was requested to submit a Small Estimate providing therein, the items of works pointed out by the Superintg Engineer. He reported that out of the amount of Rs. 1035/- Sanctioned, a Sum of Rs. 985/- had been paid to the Contractor, leaving a balance of Rs 50/- and proposed that the balance of Rs 50/- might be ordered to be met from the State Grant as there was no ~~balance~~ Savings available at the credit of the temple. He was again requested to forward

a Completion bill for the works executed to the temple and to submit an Estimate already called for.

He (the Dy Comr) forwards a Completion bill for Rs 1035/- for the works executed to the temple noting therein the advance already drawn & paid paid to the Contractor and submits for sanction an Estimate for Rs487/- for certain improvements in the temple providing therein, the items suggested by the Supdtg: Engr.

The sanctioned Estimate was for Rs1035, out of which Rs 985 have been paid for the works already executed there thus remains a sum of Rs 50 to be paid to the contractor - The completion bill may be countersigned & forwarded to the Comptr for audit of Rs 50 & adjustment of Rs 985. The fresh Estimate now received

Muz. 8A]

Muzrai Secretariat. | File No. of 190

for Rs 489 is for additional work as suggested by the Superintending Engr. (Mr. T. Sreenivasa Rao). The temple has no funds of its own to meet the cost.

Sir,

I beg respectfully to bring to your kind notice that a few months back, I had the honour of paying my visit as a devotee to the ancient famous and holy temple of Shankaramandeswara, situated on a small hill very near to Kakateri Kolale in Kolar Dist. where an annual Jatra is held in celebration of the Sri Sankaramandeswara Swamy's festival.

I understand that previous to the appearance of Plague in the Mysore Province, thousands of Pilgrims used to visit this

OFFICE OF THE DEPUTY COMMISSIONER

KOLAR DISTRICT.

DATED 17th May 1902.

From

F. C, CARR, *Esqr.*

Deputy Commissioner,

Kolar District.

To

V. Anantaraun Garu B.A.

Deputy Secretary to the

Government of Mysore

Mysore-ai Department.

Sir,

Adverting to your No. 846/35-96 dated 13th December 1901, and subsequent reminder calling for a report in re the dilapidated condition of Sri-Ramkandeswara Temple at Vakkaleri in the Kolar Taluk, I have the honor to forward for your information Copy of letter No. 1067 dated 8th March 1902 from the Assistant Commissioner in charge of the Taluk which fully describes the state of the Temple

buildings at present.

2. I had directed the District Sub. Overseer to make out plans and estimates, and the three separate estimates with plans prepared by him are submitted herewith for perusal.—

3. The estimate for Rs: 951/- is for preserving Cattage and for making some sanding repairs in the main building and protecting the well in the Temple compound, while the estimate for Rs: 84/ is for providing windows to let in light and air into the dark portion of the main building.

4. As the amount available at the credit of the temple is only Rs. 679-1 a, further repairs than those specified in para 3 cannot be undertaken, unless the Government can sanction some 2000/ Rs. from State Treasury funds.—

5 I would therefore request that Government may be pleased to sanction the estimates of Rs. 951 and Rs 84/- respectively. — In this case after deducting the amount available from the Temple funds, Rs. 355/- will have to be made available from State Funds, and I would recommend this grant as being necessary to put the temple into a fair order.

I have the honor to be,
Sir,
Your most obed't Servant,

D. Cave
Deputy Commissioner
Kolar District

Assistant Commissioner's Office
Kalaie District
Dated, 8th March 1902

No. 1069
1 file

From,
M. R. Srinivasacharya Esqre,
Assistant Commissioner,
Kalaie Division.

To,
The Hon'ble Diwan Bahadur,
Secretary, Commissioner,
Kalaie District.

Sir,

With reference to your Memo No. 943 dated 16th December 1901 forwarding for report Mr. Secretary's docket No. 846/35-96 dated 13th December 1901, re the neglected condition of the Sri-Manikandeswara Swami temple at Vakkaleri, I have the honor to state that I inspected the temple in question with the Circar on the 5th instant. It is situated on a hillock about two miles from the Vakkaleri village. The temple enjoys a ready money Inam of only 0-11-8 per month and the extent of 5 to 6 dry and bearing Jody of 6 Kas. The Kasadik allowance of 0-11-8 per month is not paid to any body but is being credited to the

Surplus funds of the temple since 1892-93. The Inam lands are in the enjoyment of the archika. The Utsava Vigraha of the temple has been all along kept at Nallikkalai where puja is done to it daily. Only the Mulavigraha is kept in the temple on the hill and puja is being done to it once a week, every monday. —

2. Since Government sanctioned the levy of fees on cattle in their Proceedings No. 951-2 Revg. dated 10th March 1897, only one Jatra was held in 98 and the realisations on the occasion amounted to Rs. 679-1-0 and this amount has been credited in the Treasury under Minor head "Nera head Funds". No amount was realised during the subsequent years as on account of plague there was no Jatra in these years. —

3. The temple is, from its appearance, an old and ancient structure and is now showing signs of decay. It consists of a main building which contains the Nachandeswara Sannadi and is surrounded by a number of smaller temples devoted to minor deities. The whole buildings the main temple in the centre and also the smaller ones all round - leaks heavily. —

To stop the leakage the whole roofing will have to be re-plastered with concrete at a considerable expense. —
The walls of the main temple have — bulged out in some places. The compound wall, the mahadwara, the minor temples, the mantaps round the temple, the Gopuras - all require repairs; and some of them have to be pulled down completely and re-built if they are to be properly repaired. The whole work, if it is to be done completely will cost not less than 5000 rupees. Considering that though the inscription is an ancient one of some importance, it is not very much attended except occasionally, on the Jayanti days and on the occasion of the jatra. I think it is unnecessary to spend a large amount on it. It will be sufficient for the present to repair the roofing of the main temple to prevent leakage, to open out 2 windows in the hall outside the Sukhanasi; to open out a window or another doorway in -

the main hall, to repair the walls of the main temple where they are in urgent need of such repairs, to provide a brass kalasa for the gopura over the Garbha gruh and to protect the well with a parapet wall. It is also desirable to repair the Yagasala so that it may be useful during the Car festival and other occasions. —

As the Taluk Work Inspector is not competent to make out an estimate for the above works, I beg you to kindly direct the District Sub Overseer to prepare an estimate for the work. The Sub Overseer was with me at the time of inspection and I have pointed to him the works which are necessary. —

I thought it is certainly necessary to protect the well with a parapet wall, it is not such an urgent work as to have a separate plan, the writer of the petition to Government might have sent it out to him.

In enquiry and plan I also found that — "there were 2 or 3 victims to thirst or even death" is mis-leading and is not based on facts. From enquiries made by me it is learnt that there was

only one accident which occurred, about 25 years ago and that was not such a dangerous Narrow Pass as represented it to be. —

2ⁿᵈ. As regards the path leading up to the temple, it is not certainly "unpassable" and "unfrequentable" as stated by Narain Das. Probably Narain Das would like to find a regular road or a well built flight of steps leading to the top of the hill, as was thought advisable in providing a footpath and flight of steps round Jerusalem. — But this foot-path has been the one in existence all along and does not appear to have given complaint till now. —

3ʳᵈ The danger - like darkness and want of ventilation in the temple are, as Narain Das should know, incidental to all old Hindu temples. There is no committee to look after the maintenance of the temple, because the temple does not boast of any large allowance or of establishment to require any management. I do not know what makes Narain Das say that "the temple is neglected". — There is one caretaker who, for the small pittance he enjoys, does practically all the work at the temple, as

appears to have been the practice all along. Perhaps he was not present at the temple when Narayana Rao went there and consequently the gentleman inferred that there was no wealth.

I The Commissioner report No. 742 dated — — connected with the records received from the Amildar of Kolar, is herewith submitted for further reference. —

I have &c

To

L. Anantasamy Rao Esqr.
Deputy Secretary to the
Government of Mysore
Inspl Department.

Sir,

With reference to your docket No. 93/35-96 Dated 12th July 1902, requesting that the estimates for Rs 4238-4-0 submitted with my letter No. C 2261 dated 17th May 1902, for repairing the Ankandeswara temple on the Hill near Vakkaleri, Kolar Taluk, may be reduced so as to bring it within the amount available at the credit of the institution, I have the honor to invite reference to para 5 of my letter above

above referred to, in which I have recommended that out of the 4 estimates for Rs 4238-4-0, submitted with the letter, two estimates for Rs 951 and 84 respectively may be sanctioned for the present as being necessary to put the temple in fair order. These two estimates provide for the repair of the main temple so as to prevent leakage, and let in light and air in the dark portions of it and for protecting the well in front of the temple by a parapet wall. It is not possible to make any reduction in these estimates if the main temple is to be put in fair order and safe from leakage. I therefore request that these estimates may be sanctioned, and that, as already recommended by me, a sum of Rs 400-9-10 may be made available for the work from the State funds, in addition to the amount remaining at the credit

of the Institution.

2/ A Treasury certificate for the amount of Rs 634-6-2 remaining at the credit of the temple is herewith submitted with the records of the case.

I have the honor to be,
Sir,
your most obedient Servant,

Deputy Commissioner
Kolar District

Inspection note by Q. Srinivasa Row Esquire B.A. Superintending Engineer Eastern Circle on Hanumanthaya Swamy's Temple on Hill near Vallakalam, Kolar Taluq

---

Inspected on the 7th of September 1905 with Executive Engineer and Servants of Temple

2 I understand that some repairs have been carried out one an estimate sanctioned some time back and also that the amount of the Estimate is worked out. The present urgent wants are (a) iron shutters for the main entrance and (b) repairs to roof of Balasala where there are some good sculptured pillars. The windows might have been made larger as suggested by the Executive Engineer

3 The whole place requires general clearing out and the debris thrown outside the wall during the last repairs, removed.

Kolar - Deputy Commissioner's Office
Dated 6th January 1906

From,

A. O. Muttanna Chetty Esq.
Deputy Commissioner
Kolar District

To,

L. Anantaswami Row Esq. B.A.
Secretary to the Government
of Mysore - Mysorai department.

Sir,

I have the honor to state that in Government order No. 716-7 dated 17th September 1903, two estimates aggregating Rs. 1,035 for certain repairs to the Sri Markandeswara Swami temple at Vokkaleri in the Kolar Taluk, were sanctioned, and as there was only a sum of Rupees 634-6-2 at the credit of the institution, the balance of Rs. 400-9-10 was ordered to be

met from the State grant.

2. The above works have been completed as per estimate and a sum of Rs: 985/- has already been paid to the Contractor, leaving a balance of Rs: 50/- still to be paid to him.

3. After the detailed audit of the several Muzrai institutions, the balance of each institution was correctly struck by the Comptroller, and this was sanctioned by Government in Proceedings No 2892-901 dated 19th March 1904. According to this account there was a balance of Rs: 5-38-10-1, in favor of this temple on the date of the Government order.

after deducting a sum of Rs 134/- as per para 10. of the above Proceedings.

4. The temple has now no funds at its credit to meet the cost of the balance of the estimate viz Rs 50/- which has yet to be paid to the Contractor.

5. I therefore request that you will be so good as to order the payment of this amount from the State grant as a Special Case — But for the deduction above mentioned, the temple funds would have been sufficient to meet the cost of the estimate.

I have the honor to be,
Sir,
Your most obedient Servant

N V Ammanjhatt
Deputy Commissioner

Deputy Commissioner, Kolar District.

To L. Anantaswami Rao Esq. B.A.
Secretary to the Government of Mysore
Muzrai Department
Bangalore.

Sir,

With reference to Government Proceedings No. 1593-5 dated 28th September 1907, sanctioning an estimate for Rs 487/- for effecting certain improvements to the temple of Sri Markandeswara Swami, at Vatkalari, in the Kolar Taluk, I have the honour to state that the estimate, sanctioned by Government in their Proceedings quoted above, having been found inadequate in the course of the progress of work, a revised estimate for Rs 709/- providing certain of the items of works which are quite essential, to be executed, has now been submitted for favour of sanction. The excess of Rs 222/- over the sanctioned amount may be met out of Rs 1088-12-0 available at the credit of the Institution.

2. As the additions and alliations now proposed are absolutely necessary and the work has to be completed before the close of the year I beg that you may be so good as to obtain early

early Sanction of the Government for the revised estimate now submitted.

3. Pecuniary Correspondence ending with the Kolar Amildar's report No 48 dated 2nd April 1908 is herewith submitted.
